## INTERVIEW SUMMARY

Sir:

A telephone interview was conducted December 23, 2005 between Examiner Uyen Chau N Le and applicants' representative George Blasiak. The Examiner and applicants' representative discussed the specification amendments included in the concurrently filed Supplemental Response Under 37 C.F.R. §1.111. During the interview, the Examiner and applicants' representative agreed that, notwithstanding a one digit transposition informality, U.S. Patent Application No. 08/914,883 was clearly referenced by the applicants in the specification in view of the context of the disclosure. At the interview, the Examiner stated

U. S. Patent Application No.: 09/385,597  
Interview Summary dated December 23, 2005

that the concurrently filed Supplemental Response Under 37 C.F.R. §1.111 would be entered upon filing.

Respectfully submitted,  
WALL MARJAMA & BILINSKI LLP
